## SUMMARY

Proactive and detail-oriented Full Stack Web Developer with a solid foundation in Java, JavaScript, React. Experienced in developing scalable web applications and RESTful APIs through multiple internships. Skilled in front-end and back-end technologies, with hands-on experience in real-time projects using modern development tools and agile methodologies. Passionate about building efficient, user-centric solutions and continuously learning emerging tech trends.

## INTERNSHIP

**Web Development and Designing Intern - Oasis Infobyte**                    **Jan 2024 – Apr 2024**
- Designed and developed user-centric web applications, focusing on responsive design and intuitive user experience.
- Enhanced code quality and functionality through clean, efficient scripting practices and problem-solving techniques.

**Web Development - Elite Tech**                                             **Dec 2024 – Jan 2025**
- Completed a Web Development Internship, gaining hands-on experience in HTML, CSS, Java script, and React.js by working on real-time projects to build responsive wave application.

**Frontend Developer - SaiKet Systems**                                     **Jan 2025 – Mar 2025**
- Worked on real-time projects using HTML, CSS, JavaScript, and React.js built responsive user interface and enhancing web applications.

**Java Spring Boot & Microservices - Career Transformation**                **Jan 2025 – Feb 2025**
- Proficiency in Java and Spring Boot, successfully applying these skills to practical projects.
- Worked on projects involving Java, Spring Boot, My sql. Developed robust APIs for a job portal, enhanced communication between front-end and back-end systems.

## PROFESSIONAL TRAINING

**Fullstack Web Development -  Coding Ninjas**                               **Aug 2022 – Jul 2023**
- Completed a comprehensive full-stack training covering key framework and technologies, including ReactJs, NodeJs,Express.js, MongoDB and SQL, with a focus on building robust, scalable web applications.

## TECHNICAL SKILLS

- *Coding Language*: *Java,  JavaScript, React, SQL, HTML, CSS*
- *Tools & Technologies*: *Git, GitHub, Postman, VS Code, ReactJS, Node.js, Express.js, MongoDB*
- *Concepts*: *Object-Oriented Programming(OOPs), RESTful APIs, Data Structures*

## PROJECT EXPERIENCE

**Astrology (Git-Hub) |JavaScript, HTML, CSS, React.Js**                     **Jul 2023 – Aug 2023**
- Developed an interactive astrology website, focusing on user-friendly design and seamless navigation.
- Demonstrated Implemented dynamic features using javaScript to enhance user engagement and provide personalized experiences.
- **Outcome:** Enhanced user retention and site visits by 30% with streamlined navigation and dynamic content.

**Medical Store Management System (Git-Hub) Java**                          **Nov 2023 – Dec 2023**
- Developed a Medical Store Management System to streamline inventory tracking, sales, and customer management for efficient store operations.
- **Outcome:** Improved operational efficiency by 40%, reducing manual errors in inventory and sales tracking through automated processes.

**Ai-Interviewer (Git-Hub) React.js, CSS, JavaScript, React use state hook** **Jun 2023 – Jul 2023**
- Engineered an AI-powered Interview Simulation platform using React.js, leveraging dynamic state management and responsive UI design to deliver real-time, interactive Q&A experiences, enabling users to enhance their interview preparation through seamless engagement and practical practice scenarios.

**Resume Builder Application (Git-Hub) Java(File Handling, Oops) MySQL**     **Jul 2023 – May 2023**
- Designed a userfriendly interface for the resume builder that simplifies data entry and resume customization; the tool is now used by over 20 resume consultants to create resumes.

## EDUCATION

| | |
|---|---|
| B.Tech(ECE) Cooch Behar Govt. Eng. College(WB) — (79%) | **Aug. 2019 - Jul 2023** |
| Kaligram High School — (71%) | **Year — 2019** |
| Boroi Padmamani High School — (61%) | **Year — 2017** |

## ACHIEVEMENT & CERTIFICATION

- TCS Youth Employment Program *- Industry Readiness for Graduates*
- Ethics in the Age of Generative AI
- Introduction to Prompt Engineering for Generative AI
- Java Problem Solving *- HackerRank*
- Frontend Development *– HackerRank*
- Backend Development *– HackerRank*
- React.js *– HackerRank*

## LANGUAGES

ENGLISH, BENGALI(Native), HINDI

## ADDITIONAL INFORMATION

**Hobbies:** Exploring new coding languages, playing football, jogging for focus and energy.
